OUTDOOR UNIT

ACCESSORIES
☐ MOUNTING BRACKETS
☐ FOOT RISERS
☐ COPPER/WIRE/ACC.SET
☐ LINESET COVERS
☐ WINTER WIND BAFFLE

A VRF SYSTEM THAT STANDS ALONE
YMGI’s UltraHeating VRF systems are designed to deliver comfort year round. Effective in a wide range of outdoor ambient temperatures (as low as -22° F), the YMGI UltraHeating VRF systems can meet all your heating and cooling needs, with no need for a supplemental heating system. A YMGI VRF system can replace traditionally designed gas furnace and AC/HP coil & outdoor unit systems. YMGI UltraHeating VRF systems save money on installation and operation.
